Re: Mrs. Dorothy Fishman (mother)
+ Care given by Ms. Anna Fama.

I am visiting my Mother for The Holidays, (From, NYC), and am very pleased to inform you, and your Agency, of the following observations:

Anna, is a kind, gentle, caring, and very capable care-giver. She is very helpful in everyway, and is ready, willing, and able, to assist my mother with her daily tasks: OF Showering, towel drying, body moisturizing, marketing, food preparation, laundry, ironing, linen changing, house keeping etc.. She is a terrific cook, and Baker! She is very neat and meticulously clean, and is very friendly, nurturing, and pleasant to be around.

She shows true care + concern, and I felt compelled to let you know, how pleased, I am with the compassion and help, she gives my Mother.

The World would be a "Better Place", with more people, like, Anna Fama, in it!

Thank you! for sending... Such An Angel.

Warm Greetings for The Holidays + New Year
Sincerely, Nancy L. Fishman-Wiener
