Dear Mirjana:

We would like to let you know how pleased we were at having Mila work as an aide for our father Mr. Jesse Ross. She brought a lot of light to our father's life and her loving dedication was a tonic for his spirit. Thank you so much for hiring her to take care of our father during his illness. Mila is a pleasure to work with and she can bring joy to any household.

We also would like to thank the professionalism and care that Judy, Michelle, Raymond and you have so far shown to our father and family.

Best wishes.
