To Whom It May Concern,

Mrs. Minava (Hannah) Baratova is a dedicated health care professional. She worked for us as a home health care aid but performed much more than what was expected of her. Hannah knows what needs to be done and never needs to be told what to do, she takes initiative, is proactive, punctual, organized, a good housekeeper, an excellent cook, concern about the folks in her care taking their medications on time, is a good and safe driver, outgoing, energetic, and trustworthy. During the time she was with us, she became family.

Sincerely,

Bernice Volaski
