Dear Mirjana,

Thank you very much for the prompt and professional way you responded to our need for emergency care after Valerie and her sister Christine's recent accident.

Thanks to you and your ability to provide 24 hour staffing, we were able to have them return to our home from hospital rather than needing to be sent to a rehabilitation center. The quality of the people you sent was excellent. They were very well trained and they also all had very pleasant attitudes and were eager to assist with a whole range of tasks.

Your personal availability 24 hours a day was also very reassuring to us.

I hope that we will see each other again in more pleasant circumstances.

With very best regards

Paul A Street
